COMPLIANCE PACKS

OPTIONS

Benefits

- **Safety** – reduce the chance of missed doses or double doses. You get the right medication at the right time.
- **Compliance** – you know whether you've taken or missed a dose.
- **Convenience** – we do all of the work to organize your medications for you.
- **Updated** - Your packs will always reflect your most current doctors orders and personal preferences. This can include your daily vitamins and supplements too.
- **Free Service**– we only charge what you would normally pay for the medications, the service itself is free of charge

Twice daily Medibase

- Safety sealed, seven day blister, with AM & PM admin times
- Has a protective cover that closes over the case to provide protection during handling and transport
- When the unit is empty it is completely disposable/recyclable.
- Cover has area for patient labelling; when going to doctor can simply bring pack as a medication list is always attached
- 4x daily dose packs also available

Dispill Packs

- Safety sealed, seven day, with 4 administration times
- Great for complex regimens
- Color coded by time of day
- Detachable, portable, and fully labelled
- Filled and checked by the pharmacist for safety and accuracy
- Convenient packaging
- Greatly reduces risk of error and improves compliance

On-The-Go Pouches

- Flexibility to package pills for complex medication regimes.
- Tamper evident packaging that ensures patient safety.
- FULLY CUSTOMIZABLE for each patient
- A compliance package that is not cumbersome for my patient to carry.
- An ability to provide better quality service while improving medication adherence
